Description			
Dear developers			
We are preparing a german tutorial page for several Jabber-Clients. You can preview it here: http://jabber.zeroathome.de/ For implementing a tutorial for beem (which is already written), we need a beem-logo in 150x150 px or better as an svg. Maybe it's possible to send it to: phaiax aatt online doot de			
Thank you for your help. Peter			
PS: Excuse me for turning priority to immediate, but i know that normal tickets can become lost in a big mass of normal tickets. :-)

Hello Peter,

Thank you for your interest on Beem, unfortunately I'm not a designer so it will be difficult for me to give you an .svg file (if anyone can, he doesn't hesitate to send them!) ...

You can find attached 3 different logo, tell me if you need something else.

Hi, I'm the initiator of the tutorial-page mentioned by the issuer.

Thanks for providing the logo. The 150x150px PNG is sufficient for our needs!

Keep up the good work!
