

BEEM - Android XMPP - Bug #387

Unknown certificate error after update to 0.1.7

01/20/2012 09:47 PM - Anonymous

Status:	Closed	Start date:	01/20/2012
Priority:	Normal	Due date:	
Assignee:	Frédéric Barthéléry	% Done:	0%
Category:	Communication	Estimated time:	0.00 hour
Target version:	0.1.7	Locale:	
Affected version:	hg		
Description			
<p>I've just updated to version 0.1.7-rc1 and started getting an unknown certificate error while connecting to the jabber server.</p> <p>I get a message box with the title "Accept Unknown Certificate?" and the message following text:</p> <p>Trust anchor for certification path not found.</p> <p>CN=jabster.pl (OID.1.2.840.113549.1.9.1=#1612737570706F7274406361636572742E6F762, CN=CA Cert Signing Authority,OU=http://www.cacert.org, O=Root CA) OID.1.2.840.113549.1.9.1=#1612737570706F7274406361636572742E6F762, CN=CA Cert Signing Authority,OU=http://www.cacert.org, O=Root CA (OID.1.2.840.113549.1.9.1=#1612737570706F7274406361636572742E6F762, CN=CA Cert Signing Authority,OU=http://www.cacert.org, O=Root CA)</p>

- Status changed from New to Resolved
- Target version set to 0.1.7

Not a bug.
The Cacert root certificate authorities are not trusted by Android.
