Description

I have installed Beem Multi User Chat (MUC) application from the link ------https://github.com/computerlyrik/beem-muc. I am able to create the room
But after creating the room I am getting this error "This room is locked from entry until configuration is confirmed." And I am unable to invite the chat users to room.

Please help me

vid to mp3
Is it possible to fix VidtoMP3 not working problem? - Apowersoft
Jan 15, 2014 - VidtoMP3 fails to convert YouTube videos to MP3 sometimes, so I wonder if it is possible to fix this issue. Also, I'm willing to try other sites like ...
